Annual Report 2023

05

LIST OF INDICATORS

List of indicators

I_01 Functions and legal form	224
I_02 Functions and manner in which the governing and management bodies are elected	226
I_03 Structure of the Board of Directors	227
I_04 Management and support systems	230
I_05 Steering Committee	230
I_06 Sector technical committees that support the Board	230
I_07 General technical characteristics of the port	235
I_08 Infrastructures under implementation or project and purposes served	240
I_09 Industrial promotion and logistics initiatives	251
I_10 Traffic evolution	254
I_11 Hinterland and foreland. Main origins and destinations of goods	257
I_12 Turnover invoiced to top five customers	261
I_13 Main sectors in economic development that rely on the port for their development	262
I_14 Services provided by the port	263
I_15 Number of companies operating in the port under concession, authorisation or licence	269
I_16 Actual land area in commercial use	270
I_17 Percentage of tonnes moved in concessionary or licensed maritime freight terminals	271

I_18 Information mechanisms provided by the Port Authority guaranteeing transparency of information about the conditions for operators wishing to provide services in the Port or to apply for a concession	272
I_19 Port Authority initiatives to improve the efficiency and quality of the service	273
I_20 Companies benefiting from a bonus to encourage improvements in the quality of service	273
I_21 Initiatives to receive or handle complaints or suggestions	274
I_22 Current and planned road and rail accesses and promotion of port-rail intermodality	277
I_23 Traffic development developed by roll-on/roll-off loading and unloading	282
I_24 Developments in rail and road transport and road operations	283
I_25 Stakeholders	285
I_26 Communication with stakeholders	285
I_27 Main concerns of stakeholders	291
I_28 Coordination and collaboration projects with other administrations	291
I_29 Technical or business associations that the Huelva Port Authority belongs to	294
I_30 Trade promotion initiatives 2023	296
I_31 Expenditure on commercial promotion of the port	297
I_32 Projects for communication and service provision via internet or other telematic means	298
I_33 R+D+i projects promoted by the Port Authority	301
I_34 Foundations and socio-cultural initiatives supported by the Huelva Port Authority	302
I_35 Projects for the improvement of the Port-City Interface	302

I_36 Financial resources spent on safety and security	303
I_37 Financial resources spent on the environment	303
E_01 Return on assets	309
E_02 EBITDA evolution	309
E_03 Debt service	310
E_04 Inactive assets	311
E_05 Changes in operating income and expenditure	311
E_06 Evolution of public investment	312
E_07 Development of external investment	312
E_08 Evaluation of asset renewal	313
E_09 Evolution of income from occupancy and activity rates	313
E_10 Evolution of tonnes moved per square metre of commercial surface area	314
E_11 Evolution of tonnes moved per linear metre of active quayside	314
E_12 Evolution of net turnover per employee	315
E_13 EBITDA evolution per employee	315
E_14 Estimated number of direct and indirect jobs and employment generated by the port community	317
E_15 Estimated gross value added of the port community	318
S_01 Total number of persons employed	319
S_02 Percentage of temporary workers over total permanent employees	319

S_03 Distribution of staff by area of activity	320
S_04 Percentage of employees covered by Collective Bargaining Agreements	320
S_05 Mechanisms for worker representation and communication with management	320
S_06 Mechanisms for the technical participation of workers in the improvement of production processes	320
S_07 Percentage of employees attending training programmes	321
S_08 Average hours of training per employee	321
S_09 Number of ongoing training programmes related to the competency-based management system	322
S_10 Percentage of women out of total number of employees	324
S_11 Percentage of women not covered by the collective agreement	324
S_12 Percentage of permanent employees aged 50+	324
S_13 Percentage of permanent employees under 30 years of age	324
S_14 Evolution of annual accident frequency rate (FR)	325
S_15 Evolution of the annual accident severity rate (SR)	325
S_17 Effort made in occupational risk prevention training	325
S_18 Security and safety exercises and simulations	326
S_19 Estimated total number of direct jobs generated by maritime freight terminals, passenger terminals and companies providing port services	332
S_20 Requirement for preventive and safety measures	332
S_21 Mechanisms for the coordination of business activities	333

S_22 Total number and percentage of maritime freight terminals and maritime passenger terminals under concession or authorisation and as companies licensed or authorised to provide port or commercial services with OHSAS	335
S_23 Security and safety training actions for the port community	335
A_01 Environmental management system ISO 14001:2015	338
A_02 Total financial resources for environmental monitoring and characterisation	339
A_03 Common land and water cleaning costs	340
A_04 Environmental training	340
A_05 Emission sources	341
A_06 Complaints about air emissions	342
A_07 Measures adopted by the Huelva Port Authority to control emissions	342
A_08 Air quality monitoring	342
A_10 Landfill sources	343
A_11 Measures adopted by the Huelva Port Authority for the control of discharges	344
A_12 Water quality characterisation campaigns	345
A_13 Drainage and wastewater treatment network	345
A_14 Runoff water treatment	346
A_15 Schematic description of the technical means used for cleaning the water surface and weight of debris collected in the year	346
A_16 Activation of the Maritime Interior Plan (MIP)	347

A_17 Volume of waste water discharges generated by the Port Authority, or discharged through sewers owned by the Port Authority, broken down by type	348
A_18 Noise sources	349
A_19 Noise complaints or allegations	349
A_22 Percentage of waste generated by the Port Authority that is segregated and recovered	350
A_23 Activities or sources of waste generation within the port	351
A_24 Measures for the improvement of waste management	352
A_25 Management of dredged material	353
A_26 Natural areas in the surroundings of the Huelva Port	354
A_28 Schematic description of projects for the regeneration of the natural environment undertaken by the Port Authority, and valuation in euros of the cost of these actions	356
A_29 Land use	358
A_30 Water consumption	358
A_31 Evolution, at least in the last three years, of the efficiency of the water distribution network, expressed as a percentage, for those Port Authorities that directly manage the water distribution network	359
A_32 Electrical energy consumption	359
A_33 Fuel consumption	360
A_34 Environmental conditions in the Particular Specifications of port services, in conditions for granting and in titles of concession or authorisation	361
A_35 Environmental management systems in port facilities	361
